As we experience the rain and wind of Hurricane Harvey here in Central Louisiana, we are especially mindful of our neighbors in Texas who have faced such unthinkable devastation. In the coming weeks, Emmanuel will remain in prayer and conversation with our network of friends and ministry partners in Texas. As local leaders further assess community needs, we will communicate with our own church and community how we can provide assistance. We know this will be a long process of restoring and rebuilding. May the God of grace be with all who have been affected by this storm.

5 Things You and Your Church Can Do

Pray — Pray for families who have lost everything they own and first-responders who are giving everything they have to save lives. Pray for communities as they cope and as they heal.
Give — As CBF helps get people and communities back on their feet over the long-term, financial resources will be necessary. Please consider a gift to the CBF Hurricane Disaster Relief Fund here.
(And Give Wisely) — CBF is not accepting donations of items for those affected by the flooding in Texas. CBF has learned from experience with other disasters that it is much more efficient and cost-effective to provide funds that allow CBF Disaster Response personnel to procure supplies as needed.
Organize — As search and rescue efforts give way to recovery, CBF will begin providing information and accepting registrations for volunteer teams to travel to affected areas. In the short-term, these groups will be muck-out teams, removing mud and debris from flooded homes. In the future, these teams will help rebuilding efforts. Keep an eye on the CBF website and social media for more information on volunteer opportunities. Visit: <http://www.cbf.net/harveyvolunteer/>.
Think: long-term — In keeping with CBF's focus on long-term impact, CBF Disaster Response participates in networks seeking to help communities after a devastating event, but employs most of its resources on the long-term recovery, rehabilitation and resiliency of a community after first-responders have finished their work.
